

## What is CareCompare™?

CareCompare is an easy-to-use electronic writing tool that provides tools throughout the sales process, including:

- collect and complete Scopes of Appointment,
- provide customized quotes that include estimated prescription and medical costs,
- compare current and potential plans across carriers,
- share links to plan sales kits and self-enrollment option, and
- complete and submit electronic and remote applications

for multiple MAPD carriers through one easy to use platform.

## What Carriers and Plans are included in CareCompare™?

CareCompare can be used to write MA/MAPD/PDPs for most carriers, provided the agent is contracted and Ready to Sell (RTS) through CareFree. Over time the list of carriers and products may grow.

## How do I get access to CareCompare™?

To access and use the tool, agents must take a training. On-demand training is available right from your CareFree dashboard or you can attend a live webinar demonstration. Look for options on CareFree's [Events](#) page.

## How do I log on to CareCompare™?

After gaining access, agents access the tool via a link on their [CareFreeAgency.com](#) dashboard, sign an acknowledgement of use, and update their agent profile within CareCompare.

Struggling to log into CareFreeAgency.com? Username is your NPN. The CareFreeAgency.com password can be resent via email using the Reset Your Password link on the Agent Log In screen.
